

We listen to K-LOVE on our local carrier @ 88.3FM. This station encourages us & helps us to remember to be positive throughout the day. If we lost K-LOVE due to a LPFM broadcaster providing another program, it would be a great loss. K-LOVE provides encouragement, tips on parenting, advertising for free community service programs, & ways for the community to get involved w/ each other. It would have a negative impact on our community if we lost K-LOVE, since we would lose all the services it provides. I can tell you that more than once I have been listening to other stations in my car & have gotten very frustrated w/ other drivers. However, when I switch to K-LOVE, it helps me remember that someone cutting me off isn't really that important. It calms me down & focuses me on a higher calling. Please DON'T let the LPFM's take priority over stations like K-LOVE. Our community depends on it!
